## KODAK X-OMAT Processor

---

Eastman Kodak Company/Customer & Technical Services/Health Sciences Markets Division/Rochester, New York 14650

SERVICE BULLETIN NO. 203

August 1994

### ***Kodak RP X-Omat Processor, Model M7B (Serial Numbers 27,901 and Below)***

#### **Modification No. 7 is Now Available**

Mod 7 is now available for the M7B Processor, primarily for those docked to Laser Printers. The installation of this modification kit will help prevent film jams in the DRYER ASSEMBLY and reduce the likelihood of parts breaking in the DRYER.

Mod 7 is **Type 1 Selective** and is available at no charge for one year from Kodak Service Parts Management, 1-800-431-7278, as Part No. 1C7599.

#### **NOTE**

The M7B serial number must be given to the Service Parts Management representative in order for the kit to be released. If the order is placed through BISNET, please enter the serial number in the "Special Instructions" field.

You may also wish to refer to Service Bulletin No. 152 on adjusting and cleaning the M7B DRYER DRIVE CLUTCH to help prevent jams. A copy is available from Kodak Advertising Distribution, 1-800-233-1650; ask for Publication No. N-758.

Please refer all questions to:

Eastman Kodak Company  
Imaging Service Center  
Health Sciences Division  
100 Carlson Road  
Rochester, New York 14653-9013  
(716) 724-1789, Option 1

Please be prepared to give your Service Customer Number and processor serial number.
