

# Service Bulletins Index

Click on a service bulletin number to view it.

| Service Bulletin #     | Document Description  |
|------------------------|---|
| <a href="#">SB 30</a>  | SB 30 - (Jan 1998) Processing recommendations with recommended replenishment rates for KODAK X-Omat processors.   |
| <a href="#">SB 78</a>  | SB 78 - (Jun 1994) Dryer overtemperature protection for the KODAK M6A-N and M6AW Processors   |
| <a href="#">SB 101</a> | SB 101 - (Oct 1992) Dryer venting requirements for all KODAK Processors   |
| <a href="#">SB 158</a> | SB 158 - (Apr 1993) Auxiliary ventilation fan kit for all KODAK Processors  |
| <a href="#">SB 191</a> | SB 191 - (Jan 1994) Installing the Receiving Bin on the M35 Series of Processors  |
| <a href="#">SB 192</a> | SB 192 - (Feb 1994) Jumpers shipped in prepack for the KODAK X-Omat 460 RA Processor; possible incorrect wiring   |
| <a href="#">SB 193</a> | SB 193 - (Mar 1994) 480 RA, Correcting film jams in the Dryer Transport   |
| <a href="#">SB 199</a> | SB 199 - (Aug 1994) ID Camera Models 4, 4L, 2, 2L, X1 X1L, MIN-R and MIN-R L, new tool is available to help in the adjustment of the Actuator Pin   |
| <a href="#">SB 201</a> | SB 201 - (Aug 1994) Verify installation of Mod 1 for the 460 RA Processor and Mod 8 for the 270 RA Processor  |
| <a href="#">SB 202</a> | SB 202 - (Aug 1994) Solid State Relays for all KODAK Processors   |
| <a href="#">SB 203</a> | SB 203 - (Aug 1994) Modification No. 7 is available to improve the Dryer Assembly for M7B processors when docked to Laser Printers  |
| <a href="#">SB 205</a> | SB 205 - (Oct 1994) Retaining developer during preventive maintenance for all KODAK Processors  |
| <a href="#">SB 206</a> | SB 206 - (Aug 1994) M43, M43A and Clinic 1 Processors, Modification No.1, Guide Shoe change in the Developer and Fix Racks, changes made to the Top Cover, and information on installing Solid State Relays |
| <a href="#">SB 208</a> | SB 208 - (Nov 1994) Solid state relay change for the 480 RA or 270 RA Processor   |
| <a href="#">SB 209</a> | SB 209 - (Oct 1994) New part number for Capacitor used with the Recirculation Pump Motor  |
| <a href="#">SB 210</a> | SB 210 - (Oct 1994) Modification to the Detector Crossover Assemblies for the M35 Series of Processors  |

| <b>Service Bulletin #</b> | <b>Document Description</b>   |
|---------------------------|---|
| <a href="#">SB 211</a>    | SB 211 - (Jan 1995) Mandatory Mod 5 for KODAK X-Omat 180LP Processor  |
| <a href="#">SB 213</a>    | SB 213 - (Mar 1995) M43, M43A and Clinic 1, Damage to Dryer Top Cover and additional technical information  |
| <a href="#">SB 214</a>    | SB 214 - (Mar 1995) Roller part number changes for all KODAK Processors   |
| <a href="#">SB 215</a>    | SB 215 - (Mar 1995) New springs for dryer rack; new bulkhead fittings for KODAK X-Omat 180 LP, 270 RA Processors and X-Omat Multiloader 300   |
| <a href="#">SB 216</a>    | SB 216 - (May 1995) Dryer transport enhancement kit for the 480 RA Processor  |
| <a href="#">SB 218</a>    | SB 218 - (Jul 1995) Replacement developer rack T roller; parts list change for M7B  |
| <a href="#">SB 219</a>    | SB 219 - (Jul 1995) M43, M43A and Clinic 1, Film Transport Enhancement Kit and Drain Valve improvements   |
| <a href="#">SB 220</a>    | SB 220 - (Jul 1995) Modification of the Developer Rack for the M35A-M and M35-M Processors  |
| <a href="#">SB 221</a>    | SB 221 - (Jun 1995) Announcing service discontinuance for the M7 and M7A X-OMAT Processors and Accessories  |
| <a href="#">SB 223</a>    | SB 223 - (Sept 1995) Required modification 6 for KODAK X-Omat 180 LP Processor, modification 18 for KODAK X-Omat 270 RA Processor, and modification 27 for KODAK X-Omat Multiloader 300 |
| <a href="#">SB 224</a>    | SB 224 - (Sept 1995) Modification 7 for KODAK X-OMAT 180 LP Processor, modification 19 for KODAK X-OMAT 270 RA Processor, and modification 29 for KODAK X-OMAT Multiloader 300          |
| <a href="#">SB 225</a>    | SB 225 - (Apr 1996) Mod 1 for KODAK 180 LP Sorter Kit; V2.24 software for KODAK X-Omat 180 LP and 180 LPS Processors; minimize wear on wire harness                                     |
| <a href="#">SB 226</a>    | SB 226 - (Oct 1995) Automatic Film Feeder, Model RA, New location for the Dip Switches on the Adjustment Circuit Board  |
| <a href="#">SB 227</a>    | SB 227 - (Oct 1995) Mod 1 for KODAK X-Omat 480 RA Processor; Improve the reliability of the Level Probes  |
| <a href="#">SB 228</a>    | SB 228 - (Dec 1995) Automatic Film Feeder, Model 11, Modification to prevent interruptions in film feeding  |

| <b>Service Bulletin #</b>  | <b>Document Description</b>   |
|----------------------------|---|
| <a href="#">SB 229</a>     | SB 229 - (Jan 1996) M43, M43A and Clinic 1, Anti-Biological Growth Upgrade Kit and part changes   |
| <a href="#">SB 232</a>     | SB 232 - (Mar 1996) Clinic 1, serial number 725 and higher will be factory set for flooded replenishment mode   |
| <a href="#">SB 233</a>     | SB 233 - (Apr 1996) M43, M43A and Clinic 1, Kit available to help prevent damage to wires in the electrical box   |
| <a href="#">SB 235</a>     | SB 235 - (Apr 1996) Required safety Mods 31, 20, and 2; correction to Svc Bulletin 223 regarding serial number range for KODAK X-Omat 480 RA, 270 RA Processors and KODAK X-Omat Multiloader 300              |
| <a href="#">SB 236</a>     | SB 236 - (Apr 1996) M43, Check that the correct Main Circuit Breaker (CB1) is installed   |
| <a href="#">SB 237</a>     | SB 237 - (Apr 1996) Required Mod 4 for the KODAK RP X-Omat Processor, Model M6B; improper installation of dryer transport pulley  |
| <a href="#">SB 239</a>     | SB 239 - (May 1996) Publication updates for 180 LP, 180 LPS; design changes for 180 LP, 180 LPS, 270 RA, 270 RA in Multiloader 300; new front exit assembly for 3000 RA                                       |
| <a href="#">SB 240 (A)</a> | SB 240 (A) - (May 1996) KODAK Multiloader 700 and Multiloader 700 Plus, Procedure to adjust the Cassette Opener (2 part document; see doc# 840009)  |
| <a href="#">SB 240 (B)</a> | SB 240 (B) - (May 1996) (2 part document; see doc# 840008) Multiloader 700 and Multiloader 700 Plus, Procedure to adjust the Cassette Opener  |
| <a href="#">SB 241</a>     | SB 241 - (Apr 1996) KODAK Multiloader 700, Multiloader 700 Plus and the Multiloader 700 Side By Side, important information for servicing these products  |
| <a href="#">SB 242</a>     | SB 242 - (May1996) KODAK Multiloader 700, Possible missing part from Modification Kit No. 26, Correction to Site Specification.   |
| <a href="#">SB 243</a>     | SB 243 - (Jun 1996) Modification 33 for the KODAK X-Omat 270 RA Processor in a Multiloader 300; Modifications 31 and 33 not circled at the factory, Multiloader 300's only; Improved Detector Switch brackets |
| <a href="#">SB 244</a>     | SB 244 - (Sept 1997) Conversion instructions and Processing recommendations for KODAK MIN-R 2000 Film in KODAK Processors   |
| <a href="#">SB 245</a>     | SB 245 - (Jun 1996) Modification No. 1 for KODAK 5000RA processor   |
| <a href="#">SB 247</a>     | SB 247 - (Jul 1996) Roller Assemblies not available for all KODAK Processors  |

| <b>Service Bulletin #</b> | <b>Document Description</b>   |
|---------------------------|---|
| <a href="#">SB 248</a>    | SB 248 - (Sept 1996) 480 RA, New Drive Belt for the Dryer Transport Enhancement Kit   |
| <a href="#">SB 249</a>    | SB 249 - (Jun 1996) Fuses in the KODAK X-Omat 3000 RA Processor   |
| <a href="#">SB 250</a>    | SB 250 - (Sept 1995) Required modification 8 for KODAK X-Omat 180 LP Processor, modification 21 for KODAK X-Omat 270 RA Processor, and modification 35 for KODAK Multiloader 300  |
| <a href="#">SB 251</a>    | SB 251 - (Aug 1996) Height Adjustment Kit for the M35 Processor when docked to a KODAK EKTASCAN 1120 Laser Printer  |
| <a href="#">SB 252</a>    | SB 252 - (Aug 1996) How to call the film handling Technical Assistance Center for KODAK Daylight Systems.   |
| <a href="#">SB 253</a>    | SB 253 - (Sept 1996) Service Publications for all KODAK Processors  |
| <a href="#">SB 256</a>    | SB 256 - (Dec 1996) Required Mod 1 for KODAK X-Omat 3000 RA processor and Mod 3 for KODAK X-Omat 5000 RA processor  |
| <a href="#">SB 257</a>    | SB 257 - (Dec 1996) KODAK Multiloader 700, Multiloader 700 Plus and the Multiloader 700 Side By Side, Amendment to Site Specifications  |
| <a href="#">SB 258</a>    | SB 258 - (Nov 1997) Required modification 9 for KODAK X-Omat 180 LP and 180 LPS Processors, modification 22 for KODAK X-Omat 270 RA Processor, and modification 37 for the KODAK X-Omat Multiloader 300.  |
| <a href="#">SB 259</a>    | SB 259 - (Feb 1997) M7B, possible incorrect connector on the Buzzer Assembly  |
| <a href="#">SB 260</a>    | SB 260 - (Apr 1997) Design Improvements for the Developer Rack and updated part list for the KODAK 3000 RA Processor  |
| <a href="#">SB 261</a>    | SB 261 - (Feb 1997) Main Drive Rebuild Kit for KODAK M6A-N, M6AW and M6B Processors   |
| <a href="#">SB 263</a>    | SB 263 - (Jun 1997) Never use the Portable Computer RA/LP Diagnostics on a KODAK X-Omat 3000 RA Processor or a KODAK X-Omat 500 RA Processor. Also, replacing the 5000 Circuit Board in the X-Omat 500 RA Processor and the X-Omat 3000 RA Processor. |
| <a href="#">SB 264</a>    | SB 264 - (Sept 1997) List of current software for KODAK X-Omat RA Processors and Daylight Systems.  |
| <a href="#">SB 265</a>    | SB 265 - (Jul 1997) Changes to the Developer Rack for the KODAK M35 A-M and M35-M X-Omat Processors.  |
| <a href="#">SB 267</a>    | SB 267 - (Aug 1997) Smooth Guide Shoe Modification Kit Now Available. M35-M (mod 3); M35A-M (mod 6); M35 and M35A (mod 2).  |

| <b>Service Bulletin #</b> | <b>Document Description</b>  |
|---------------------------|--|
| <a href="#">SB 271</a>    | SB 271 - (Dec 1997) Design Improvements to the Developer Rack on the KODAK X-Omat 3000 RA Processor.   |
| <a href="#">SB 272</a>    | SB 272 - (Sept 1997) Required modification No. 48 for the KODAK X-Omat Multiloader 300   |
| <a href="#">SB 273</a>    | SB 273 - (Sept 1997) Version 4.15 Software is available for the KODAK X-Omat 5000 RA Processor. This software corrects a potential problem with the A/D Converter on the 5000 Circuit Board.                                   |
| <a href="#">SB 274</a>    | SB 274 - (Oct 1997) New Tan Bearing to replace the White Bearing for the following equipment: KODAK X-Omat Multiloader 300, and the KODAK X-Omat 270RA, 180, M43, M43A, Clinic1 and 3000RA Processors.                         |
| <a href="#">SB 276</a>    | SB 276 - (Nov 1997) Film detector switch change for the KODAK RP X-Omat Processor Model M7B.   |
| <a href="#">SB 277</a>    | SB 277 - (Mar 1998) Type 1 Required Modifications Available for the Kodak Multiloader 700, Multiloader 700 Plus, and Multiloader 700/700 Plus Side-By-Side Kit. Also additional technical information on various products.     |
| <a href="#">SB 278</a>    | SB 278 - (Feb 1998) Technical updates for the KODAK X-Omat Multiloader 300.  |
| <a href="#">SB 279</a>    | SB 279 - (Feb 1998) Servicing the New Kodak X-Omat MULTILOADER 300 PLUS with a Kodak X-Omat 3000 RA INTEGRATED PROCESSOR plus a "Quick Reference Comparison of Mid- Volume Processors"   |
| <a href="#">SB 280</a>    | SB 280 - (Jun 1998) Mod information for: KODAK X-Omat 270 RA, 3000 RA, 180 LP, 180 LPS Processors and KODAK X-Omat Multiloader 300/300 Plus  |
| <a href="#">SB 281</a>    | SB 281 - (Jan 1999) Ver 2.21 Software for the 3000 Integrated Processor in a Multiloader 300 Plus; Improved Developer Racks for the 270; 180 LP Sorter Kit Drive Bearing Mount Information                                     |
| <a href="#">SB 284</a>    | SB 284 - (Jan 1999) Announcing the X-Omat 2000/2000A Processors  |
| <a href="#">SB 285</a>    | SB 285 - (Feb 1999) New type 1 Mod 52 for Kodak Multiloader 300; Changes to Operating Software v 4.0; Improvements to Service Software v 4.01 ; New type 1 Mod 2 for Multiloader 300Plus; Changes in Operating Software v 5.16 |
