SERVICE BULLETIN NO. 221

JUNE 1995

Kodak RP X-Omat Processor, Models M7 and M7A

Service Discontinuance for the M7 and M7A PROCESSORS and Accessories

With the arrival of new systems, we have examined the older generation of M7 and M7A PROCESSORS and accessories we support with technical services and parts supplies. To maintain our ability to support our customers, we are announcing the following actions:

We are announcing service discontinuance effective June 1996 for the following:

Table 0-1 Products

Catalog No.	Description
146 8602	M7A Processor
108 8053	M7 Processor
142 1486	Circuit Board Energizer, Model M7B/M8
110 1625	<i>Kodak</i> M7A Auxilliary Processor Kit
110 2938	<i>Kodak</i> M7A Processor Feed Kit
146 8131	<i>X-Omat</i> Cold Wash Conversion Kit

Attached you will find lists of remaining parts in Kodak Service Parts Management. As of June 1996 or when stock is depleted (whichever comes first), these parts will no longer be available.

Please be assured that **we will continue to provide support for all M7 products that are not specifically listed above.**

Thank you for your continued service support of Kodak products.

For more information, please contact:

Eastman Kodak Company
Health Sciences Division
Imaging Service Center
343 State Street
Rochester, NY 14650-1131
1-800-336-4722, Press 5

Please be prepared to give your Customer Number, PIN Number, and your equipment serial number.

Attachment: Part No. Tables

Table 0–2 Parts Available for M7 Processor CAT No. 108 8053 and M7A Processor CAT No. 146 8602

Part No.	Description
004803	Tube - Replenisher
536895	Valve - Selector
559135	Tubing - Formed
559714	Tube - Check
